

Emergency Preparedness and Management Comprehensive Plan Amendment

Planning Commission Issue Matrix for December 14, 2016

Issue	Discussion Notes	Status
1. Would the amendment change city operations related to emergency management and fire? (Miller/Biethan)	<p><u>Planning Commission Discussion</u></p> <p><u>12/7</u>: Commissioners discussed how the proposed amendment would be implemented and whether it would change the City's emergency management operations practices.</p> <p><u>Staff Response/Recommendation</u></p> <p><u>12/9</u>: The proposed amendment is intended to add consideration of applicable emergency preparedness and management items when the City updates functional and strategic plans. It would not affect the City's emergency management operations, which would continue to be the responsibility of the Office of Emergency Management, in conjunction with other City departments.</p> <p>Functional area managers would work with the Office of Emergency Management to ensure that applicable emergency preparedness and management items are appropriately considered when updating functional and strategic plans.</p> <p><u>Public Comment</u></p> <p>None.</p>	Opened 12/7
